

Impact of transformational leadership on organizational performance: A case study of banks in Pakistan

Zainab Irshad · Aqeel Ahmad ·
Muhammad Imran Qureshi

Abstract This study analyzes the influence of transformational leadership on organizational performance among Pakistani banks. Statistical analysis of survey responses from 200 bank professionals, mostly branch managers shows a positive link between transformational leadership and organizational performance, learning and innovation. The analysis also shows a negative relationship between organizational innovation and performance.

Keywords Transformational leadership · Organizational learning · Organizational innovation · Organizational performance
